Macon—Tuesday evening, Oct. 9.  
Macon—Wednesday evening, Oct. 10.  
Mt. Zion—Thursday evening Oct. 11.  
Blue Mound—Friday evening, Oct. 12.

The voters of all parties, including the ladies, are urged to turn out and hear Major Connolly discuss the political issues of the day from a business standpoint.

#### GRAND LODGE SESSION OVER

Grandsons Listen to General Black's Oration and Install Officers.

The thirty-ninth annual session of the Masonic Grand Lodge of Illinois closed yesterday in Chicago with the installation of officers and Gen. John C. Black's oration. A number of Decatur Masons attended the sessions, and nearly all have returned home. The following were the officers installed: Grand Master, L. A. Goddard; Deputy Grand Master, Owen Scott; Sr. Grand Warden, Edward Cook; Jr. Grand Warden, Charles Hitchcock; Grand Treasurer, Wiley M. Egan; Grand Secretary, J. H. C. Dill; Grand Chaplain, the Rev. W. H. Thomas; Grand Pursuivant, Pleas. T. Chapman; Grand Marshal, Horswell C. Clarke; Grand Standard Bearer, Walter Watson; Grand Sword Bearer, J. S. McClelland; Grand Deacon, George M. Moulton; Grand Junior Deacon, Andrew J. Benson; Grand Senior Steward, F. B. Emeling; Grand Junior Steward, J. M. Montgomery; Grand Tyler, Robert R. Stevens. The twenty-first annual session of the Grand Chapter of the Order of the Eastern Star, in session at Apollo Hall, adjourned yesterday after installing the following officers for the coming year: Grand Matron, Mrs. M. L. Chester, Chicago; Grand Patron, G. A. Edwards, Windsor; Assistant Matron, Mrs. Mary Brown, Peoria; Assistant Patron, M. L. Horey, Decatur; Grand Secretary, Mrs. Sophia C. Scott, Mattoon; Grand Treasurer, Mrs. Inez J. Bender, Monticello; Grand Conductress, Mrs. Freeman Sidell; Assistant Grand Conductress, Mrs. Ward, Metropolis.

#### Public Meeting.

Every man who has the interest of Decatur at heart is earnestly requested to come to the St. Nicholas at 7:30 to-night (Friday) to complete arrangements about the coming of the great German Baptist gathering to be held here next June. There will be at least 20,000 people here for from 10 to 14 days and on the two Sundays double that number may be expected. Arrangements have to be made to accommodate these people. Come, everybody. By order of Committee.

#### Called Meeting.

All members of the Decatur Volunteer Firemen's Association are requested to assemble at the city council rooms at the court house Saturday afternoon at 2 o'clock, to attend the funeral of Harvey Plotner, which will occur at 3 o'clock.

Geo. W. KRAFT, President.  
J. M. EHRMAN, Secretary.

#### DIED.

At 938 South Collis street, of general debility, Wilbert Reuter, son of D. H. Reuter, aged 11 months.

The burial was in the Long Creek cemetery.

#### Awarded

Highest Honors—World's Fair.

### FREE TRADE SPEAKERS.

Buckingham, Springer and 400 at the Tabernacle.

William Repeats His Set Speech and Buckingham Says Those Out of Work Are Simply Dishonest.

Not more than 400 people heard the Democratic speeches delivered by the two B's at the Christian tabernacle last night. The hall was about one-third full.

Attorney I. A. Buckingham was the first speaker. He gave the audience a valuable piece of information by stating that the great political issue now agitating the country is the tariff. Republicans stand for the protective system, and the Democrats for free trade. "There is a cry that men are out of employment. If there are any such men in this town they are not honest and do not want work. Mr. Buckingham in introducing Springer gave him a complimentary send-off which was appreciated by the congressman who is anxious to hold his job.

Mr. Springer spoke for over an hour. In substance the address was the same delivered by the gentleman on the occasion of the MacVeagh meeting, with some attention paid to matters of local interest. The speech in its entirety was a mass of assertions, with repeated pleadings that the people should vote the Democratic ticket in order that the good work pictured in the Wilson bill may be completed. Mr. Springer had a good deal to say on the point that the Democrats had made things cheaper and that the crops were good, but he failed to show how Democratic legislation had made work plentiful, and had no suggestions to make as to how a workingman could get a dollar in order that he might lay it aside for a rainy day or get possession of some of those cheap articles referred to by the speaker.

To-night Mr. Springer and Mr. Gray will speak at Niantic.

### CRAWFORD IN THE RACE.

Makes a Denial that He Has Withdrawn in Springer's Interest.

SPRINGFIELD, Ill., Oct. 5.—Last night Chairman Maxwell of the Populist State Central committee sent J. A. Crawford, Populist candidate for Congress in this district, who is now at Bryant, Ill., the following message: "Evening paper states that you have gone back on the party and won't make the race. Answer." This morning Mr. Maxwell received the following reply from Mr. Crawford: "It is an infernal lie. Will be there to-morrow." This reply, however, does not explain to the satisfaction of the Populist leaders the peculiar contract which Mr. Crawford has signed, the conditions being that he should resign as State President of the United Mine Workers of America, get out of politics at once, and go to work selling the patented mine drill Oct. 15. Perhaps Mr. Crawford will clear up all matters to-morrow, but it seems to be pretty well settled an attempt has been made to get Crawford off the track in the interest of Springer.

### THE VOTER'S WARNING.

Air—"Mumble Minton."  
Billy Springer, in the shadows  
Of this dark and dreary year,  
While the furnace fire is dying  
And the hungry wolf is near,  
We have listened to your taffy,  
You have had your little say,  
But your tongue is sugar-coated  
And you can't hide it away.

CHORUS—  
O, Billy—poor Billy, we'll whisper you a warning  
That you never heard before.  
We'll tell you in November  
Where you'll trouble us no more—nevermore—nevermore.

Billy Springer, you were trusted  
By us for full twenty years;  
As we gaze upon your record  
O, our eyes are filled with tears.  
You were weighed and found wanting  
And on that November day,  
We will listen to your tramping  
As the "Demmes" march away.

CHORUS—  
Billy Springer we are weary  
When we hear you talk of wool.  
For you know it is so dreary  
For to see you play the fool;  
And you roll your eyes in horror  
At the millionaires—they say,  
So we'd like to ask you Billy  
'Bout that millionaire—MacVeagh.

CHORUS—  
Billy Springer we are coming  
From the workshops and the farms.  
You can hearken to the drumming  
It's the boilers bold alarm.  
And we tell you that hereafter  
Down in Springfield you may stay,  
For no more will we send "englees"  
To velvet our homes away.

CHORUS—  
Billy Springer you'll be weeping,  
But you will not weep alone,  
For the Londoners are keeping  
Vigils by King Grover's throne.  
They will send sad tears of sorrow  
As the "Demmes" march away;  
But our Uncle Sam will burnish  
For he soon will have his say.

CHORUS—  
Decatur, Ill.

### REPUBLICAN MEETINGS.

MAJOR J. A. CONNOLLY NEXT WEEK.

He Will Speak at Decatur, Macon, Mt. Zion and Blue Mound.

The Macon county Republican central committee have arranged meetings as follows for Major J. A. Connolly, Republican nominee for Congress in the Seventeenth district:

Decatur—At Tabernacle, Monday evening, October 8.  
Macon—Tuesday evening, Oct. 9.  
Macon—Wednesday evening, Oct. 10.  
Mt. Zion—Thursday evening Oct. 11.  
Blue Mound—Friday evening, Oct. 12.

The voters of all parties, including the ladies, are urged to turn out and hear Major Connolly discuss the political issues of the day from a business standpoint.

#### Other Meetings.

In addition to the above appointments for Major Connolly, the local committee has secured the following speakers on the dates named:

Wednesday evening, Oct. 10—Clement J. Belinski, a Polish lawyer of Chicago, will address the voters in a tent in the Fifth Ward.

Monday evening, Oct. 15—Hon. F. X. Schoonmaker, of New Jersey, at the Tabernacle.

Monday evening, Oct. 22—Col. A. C. Matthews of Pittsfield and Hon. J. E. Sharrock, at the Tabernacle.

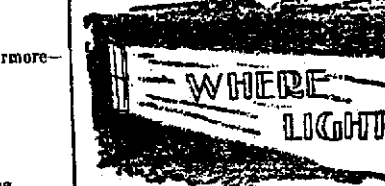

Monday evening, Oct. 29—Hon. Shelby M. Cullom and Hon. W. G. Cochran, at the Tabernacle.

A PRUDENT Chicago housewife, when the great strike began, stored 15 barrels of flour in her cellar. She reinforced it with half a dozen cans of Dr. Price's Cream Baking Powder.

Oglesby, Clark, Finerty at Lincoln. LINCOLN, ILL., Oct. 5.—The Republicans of Logan county indulged in the first rally of the campaign to-day and to-night. In the afternoon Col. Horace S. Clark, of Mattoon, spoke to a crowded house. He declared the only hope of bringing back prosperity was to vote for protection to American labor and American manufacturers. His address was warmly received. Ex-Gov. Oglesby presided at this meeting, and was enthusiastically welcomed. Popular demand compelled the ex-governor to make a speech, and he indulged in a characteristic speech, frequently punctuated by applause. To-night John F. Finerty made a ringing speech. Mr. Finerty's talk in favor of protection was applauded to the echo. The Republicans of this section were never so thoroughly in earnest as now.

### Springer as a Teacher.

It has ceased to be a wonder why Democratic campaigners who profess to be conducting a campaign of education find it necessary to be dishonest with themselves and those they address. The Democratic policies cannot be logically sustained in debate and a Democratic campaign must be one of deception or nothing. Take Mr. Springer's lessons in Decatur as an example of campaign perfidy and what have we that should make any one desire to vote for him?

Mr. Springer said the Democratic party had reduced the burdens of the people. This is the rottenest sort of sophistry. It costs just as much to run the government since the Democrats came into power as it did before. The money necessary to defray these expenses comes from the public treasury, and the money in the public treasury, according to Democratic theory, comes from the people. How, then, has the Democratic party lightened the burdens of the people? They have tinkered with the tariff by lowering duties in one direction and raising them in another, by robbing one class of people, such as the wool grower and the sugar consumer, and giving it to some other class, theoretically, but just the same they propose to tax the people \$500,000,000 a year to pay the expenses of government. Does Springer know this? If he does then no man ought to vote for him. If he doesn't know it then he is not qualified to be a congressman.

Mr. Springer stated that W. E. Mason said that before the tariff was put on steel rails we paid \$140 a ton for them; that the tariff on rails reduced the price until now we buy them for \$40 a ton; that Coats' thread was reduced by a tariff from 10c to 5c a spool, and that according to Mason the tariff raised the price of wool and lowered the price of everything else. Mr. Mason made no such statements, and Mr. Springer knew he did not, because Mr. Springer is familiar with the logic of protection. What Mr. Mason did say was that the duty placed on steel rails operated as a barrier against the importation of that product and gave our people a chance to build rail mills; that these mills at once became competitors with England, that formerly had our market; that that competition and the competition between the home mills, and the genius, stimulated by competition, invented cheaper methods of manufacture, and these all combined made rails cheaper to the consumer, and at the same time gave our people employment and increased the demand for the product. As to protection making wool higher. Aside from protection there is but one element among the foregoing to effect the price of wool under protection, and that is the element of competition with foreign wool, by increasing the product from 65,000,000 pounds in 1860 to 400,000,000 pounds in 1892 to supply our demand. Springer knows these facts. Mr. Mason did not make the statements in the form nor in the sense Springer alleges they were made. If Springer does not know the logic of protection, then he ought not to be returned to congress.

Mr. Springer says free wool will advance the price of wool to the farmer and reduce the price of woolen goods to the consumer. The wool raiser don't believe any such logic. They know better. Last year 3,000,000 sheep were sent to the slaughter pens in competition with the farmer's pork and beef, while at the same time the value of the flock, now remaining and still diminishing, has been depreciated over 33 per cent. Grover Cleveland in his letter to Wilson, said that to tax coal and iron ore and put wool on the free list was an "outrageous discrimination against the American farmer," and if such a thing

were done "the Democratic party could not look the American people in the face." Who knows best, Cleveland and the wool raisers or Springer? And yet Springer is trying to look those people in the face who go to hear him. If Mr. Springer does not know these facts why should he be returned to Congress? If he does know these things and presumes upon the ignorance of an audience as he inevitably must in making such statements why should he be sent to Congress?

Springer said that sugar is cheaper now than it was a year ago. If a 40 per cent duty on sugar makes it cheaper than free sugar how does he expect other products which are competitive to be made cheaper as he claims they will be by lowering the duties, and why does he want sugar free? The man who buys the sugar knows the statement is untrue and it is not worth discussing. He also says the people were robbed of \$140,000,000 by the McKinley tariff which made raw sugar free, and imposed a duty of 5-10 of a cent a pound on refined sugar. Under the McKinley act the people bought from 20 to 24 pounds of refined sugar for \$1 instead of from 10 to 15 pounds before the McKinley bill became a law. There is surely no robbery in that, but the duty of 5-10 of a cent on refined sugar gave 10,000 American citizens employment in the American refineries. Mr. Springer says he is in favor of free sugar when he knows the Democratic party will not, because it dares not, make sugar free and lose the \$40,000,040 a year the party expects to derive from that tax to the public treasury. These are cold facts that Mr. Springer knows, but which he refuses to teach, preferring rather to practice deception and presume upon the ignorance of the masses to elect him.

Mr. Springer, having voted for taxed coal, said he was in favor of free coal and argued that free coal would not injure the coal miners of Illinois, as Nova Scotia and Canadian coal would never reach Illinois and before he concluded that part of his speech said if the Canadians would remove the duty from coal it would help our coal industry. If foreign coal is admitted free whatever amount comes into the market must affect the home coal industry, no matter whether a pound comes to Illinois or not. Any man who will vote for free coal, so long as Canada has a duty on coal, and thus let Canadian coal in free, while that country keeps our coal out by a tariff, is unfit to legislate for our people.

### The Sugar Bounty Suit.

Washington Special: Secretary Carlisle and Internal Revenue Commissioner Miller to-day filed in the Supreme court of the District of Columbia their answers to the application of the Miles Planting and Manufacturing company, of Louisiana, for a writ of mandamus to compel the respondents to resume and continue the official inspection of cane sugar production. The respondents aver that there is no law of the United States authorizing or recommending the performance of the acts asked for; that there is no appropriation from which the expenses of such inspection can be paid, and that there is no law authorizing the payment of any bounty to the petitioner, and therefore an inspection of his sugar manufacturing will be a useless expense. It is further contended that the acts asked for in the petition are legislative and not ministerial in character; that the respondents are charged as part of their official duty with the construction of the revenue acts of Congress, and that the construction so given by them is not reviewable by any court upon application for a writ of mandamus; that the secretary of the treasury is also charged as part of his official duty with the responsibility of constructing the appropriation acts of congress, and so marshalling the moneys appropriated that the government of the United States may be properly carried on, and that the construction so given and monetary arrangements so made by him are not reviewable by any court upon application for a writ of mandamus.

**Young Ladies' Literary.**  
The regular meeting of the Young Ladies' Literary society of the High School was held yesterday afternoon. These new officers were elected:

First Vice President—Laura Tullis.  
Second Vice Pres't—Mary Tollyday.  
Press Representative—Jessie Stevenson.

The following program was rendered:

Instrumental Solo—Laura Tullis.  
Recitation—Norma Dawson.  
Essay, "A Winter Evening"—Mamie Green.

Story, Translated from the French—Miss Flora B Hill.  
Vocal Solo—"Beautiful Blue Danube." Florence Hatch.  
Instrumental Solo—Amanda Trainer.

**Held to the Grand Jury.**  
William Hamilton, William Johnson, Charles Schaefer and Frank Doman, the four tramps who are held to answer a charge of burglary and larceny at Warrensburg, had a preliminary hearing yesterday afternoon in Justice Shorb's court. The witnesses against them were Wm. Ritchie, R. H. Schroeder, C. M. Barnett, Frank Kramer, T. J. Davenport, W. H. Bailey, W. M. Park, G. W. Lehman and James Hobson. The four prisoners were held in the sum of \$500 each to await the action of the grand jury. In default of bail they were returned to the county jail.

**The Calhoun Opera Co.**  
It was demonstrated last season that it did not pay managers to cut down expenses by engaging cheap and poor talent nor by curtailing in the matter of scenery and costumes. Among those to first appreciate this fact was the manager of the Calhoun opera company, who augmented rather than depreciated his company. This season, appreciating the success of last year, he has still further enlarged and strengthened his company and greatly improved the scenery, costumes and repertoire. This company will appear at the Grand Wednesday evening, Oct. 10.

**Celebration.**  
There was a pleasant gathering Friday afternoon at the home of Mr. and Mrs. Frank Gring on the Reuben Betzer farm, five miles northeast of Decatur, it being the celebration of the twelfth marriage anniversary of the couple. About 75 invitations were issued. A splendid dinner was served and there was a royal good time for everybody. Mr. Gring is one of the prosperous young farmers of the county, and is held in high esteem by the people generally.

**Boys' Literary Society.**  
The Boys' Literary society of the High School perfected their organization yesterday afternoon. The following officers were elected:

President—Alva Johnson.  
Vice President—Hugh Housum.  
Secretary—Chas Housum.  
Treasurer—Charles Record.  
Marshal—Grover Hane.

The society will meet every Friday evening at the High School.

**Delegates Chosen.**  
At the called meeting of the Young Men's Republican club held last night, Alex. McGorray, H. M. Moore, Samuel Sloan, H. E. Carmichael and S. T. Nesbitt were elected delegates to the Republican state league meeting to be held at Springfield, Oct. 10th.

**It's Awful**  
To sell dolls and doll heads at the prices we do, but the fire and the water did it. You can buy a good bisque doll with kid body for 5c, 10c, 15c, 25c and 35c each. Former prices, 85c, 50c, 75c, \$1.00 and \$1.25 each. E. D. Bartholomew Co.

### AFTERNOON RECEPTION.

The Home of Mrs. Chas. E. Schroll the Scene and the Hours Were From 2 Until 6.

Mrs. Charles E. Schroll gave a most enjoyable afternoon reception yesterday at her palatial home on West North street from 2 until 6 o'clock, ably assisted by Mrs. W. J. Hostetler and Mrs. Clarence Wait. During the hours over two hundred called. The parlors were charmingly bedecked with potted plants, twining smilax, with ferns and nasturtiums in profusion. In the spacious dining room the supper table was exquisitely adorned. In the center was a large cut glass bowl of white dahlias and from the corners festoons of green ribbons and vines extended to the chandelier, which was entwined with smilax. The Iroquois mandolin club was present and furnished music during the reception hours. The refreshments were served in the dining rooms under the direction of Mrs. Snyder. The hostesses were assisted in receiving the guests by the following ladies:

Misses Nellie Schroll and Clara Abel presided over the frappe bowl, and Misses Donna Buckingham and Dot Keeler extended the favors, which were carnation pinks.

Mrs. Charles E. Schroll wore white silk crepe with chiffon trimming.

Mrs. W. J. Hostetler, lake green Lansdowne and black velvet, with lace trimming.

Mrs. Clarence A. Wait, pale pink crystal silk, trimmed with point Venice and lace.

Miss Ada Boyd, light gray figured China silk.

Mrs. V. N. Hostetler, cloth with fur trimmings.

Mrs. Adolph Mueller, cream silk with lace trimmings.

Mrs. Harry E. Hamesher, light blue cloth with black velvet trimmings.

Mrs. T. J. Abel, black silk and grenadine lace.

Mrs. I. A. Buckingham, black satin.

Miss Pet Buckingham, yellow gauze.

In the evening the ladies who assisted and their husbands were enjoyably entertained.

**Panic in Springer's Bosom.**  
The Chicago Journal says: It is said to see a truly good man like Congressman William M. Springer suffering from fright and loss of appetite, but we can see no way to help him. We certainly can extract no comfort for him out of the Sangamon county situation. He is in a state of terror for fear he will not get back to congress this time. He is possessed with the idea that his case is extremely, almost hopelessly, grave. We should like to say something that would calm his throbbing brow and persuade him to give himself and the long-suffering people of Sangamon a rest, but we cannot tell a lie. Mr. Springer's case is grave, and there is no use in denying it. It makes our hearts ache to think how much Mr. Springer's case resembles that of the good little parrot that went visiting in a cornfield with a flock of bad black crows. It is a pity that so nice a bird should have to receive part of the charge of shot meant for the corn thieves, but, then, so pure-minded a bird ought never to have been found on that side of the fence.

Sangamon county has been Democratic from time immemorial, but Springer's pluralities have been melting steadily away and growing beautifully less from one election to another for many years, and now he has come to the time when the chances are that the great Republican landslide which his party has pulled down upon itself will bury him—even Popgun-Bill Springer, the irrepressible and undefeatable in the grave both wide and deep that has been prepared for all such as seek to destroy American industries.

**St. Luke's Lutheran Chapel.**  
To-morrow will add another chapel to be used for Sunday school and church purposes to our city. This chapel, formerly James' M. E., was purchased by the First English Lutheran church and moved to the corner of Leafland avenue and Charles street, and beautified interior and exterior, to such an extent that it is practically a new building. A Sunday school will be begun to-morrow afternoon at 2.30 o'clock and regular church services at 7.30, at which time the chapel will be dedicated. Rev. M. L. Wagner, of the First Lutheran church, will preach and Rev. A. W. Walter will conduct the dedicatory services. All are welcome. The Condit street cars pass the door.

**Joe Ott Is Coming.**  
Joe Ott is a different comedian than anybody you ever saw upon the stage. The conception of his character in his new play the "Star Gazer," while wholly not unlike his original creation in the Dazzler, the play in which he has starred during the past few years, it is a leaf in advance in point of refinement, etc. A lease of the public's attention has been gained by this rare entertainer, and wherever he comes within easy reach of his many admirers it only means a big ovation for the favorite. He will put in his appearance at the Grand on Tuesday evening, Oct. 9.

**Removal Sale.**  
We shall remove our entire stock about October 20th, to the building now occupied by the Abel Carpet company. We want to reduce the stock as much as possible before that time and we will make some very interesting prices for you on all of our stock not damaged by the fire. E. D. Bartholomew Co.

**At Sullivan.**  
J. E. Sharrock of Taylorville, the Republican candidate on the legislative ticket with W. G. Cochran, is expected to be in Sullivan next Monday and will address the Republican club at night. The meeting will be open to all, and it is earnestly desired that there will be a full attendance.—News.

**THE K. OF P. GRAND LODGE.**  
Springfield to Become a Permanent Place for Holding It.

The grand lodge of the Knights of Pythias of Illinois will begin its session in Springfield one week from next Tuesday. The number of delegates, officers and committeemen will be about 600, and the past chancellors of the subordinate lodges who will be there will probably swell the number to 900. A movement is on foot looking to the selection of Springfield as a permanent place to hold the sessions of the grand lodge hereafter. When the constitution of the grand lodge was adopted three years ago at Bloomington the place was left blank, and it was generally understood that the word Springfield should be inserted. However, this matter was left over, because other towns were anxious to secure the grand lodge, and it was held at Rockford, and last year at Decatur. At the latter place the matter of a location for holding the convention this year came up for consideration, while all but one member of the Springfield delegation were out.

### THE AMENDMENT.

To Be Voted on at the Fall Election.

The following amendment to the constitution of the state of Illinois will be submitted to the voters of the state at the general election in November:

Resolved, By the house of representatives, the senate concurring therein, that there be submitted to the people of the state of Illinois for their ratification or rejection at the next general election or members of the next general assembly the following additional amendment to the constitution:

The general assembly shall have power, and it shall be its duty to enact and provide for the enforcement of all laws that it shall deem necessary to regulate and control contracts, conditions and relations existing and arising from time to time between corporations and their employees.

A. J. WOOD,  
142 Merchant St.

SATURDAY, OCTOBER 6, 1894.

Mr. Hall will speak on a theme to-morrow evening, in which every thoughtful man, woman and child is deeply interested; a theme, too, which has been shamefully abused for centuries, thereby causing much unnecessary sorrow and infidelity in the world: "Who Sends Trouble; God or Satan?" Services begin at 7:30 o'clock.

The California Midwinter Exposition was a dazzling success. Dr. Price's Cream Baking Powder took the highest prize for purity, strength and excellence.

**Bartholomew** wants your attention. It will pay you to give it at the great fire sale, beginning October 8th. Goods will be marked at prices that will appear absurd; for instance, silver plated suits and peppers at 15c each, tea spoons six for 10c, table spoons three for 10c and a great many other things equally as cheap.

**Catarrah Cannot Be Cured** with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrah is a blood constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrah Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonic known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produced such wonderful results in curing Catarrah. Send for testimonials free.

## CANADIAN NATURAL GAS.

Admitted Free. It Becomes a Serious rival of the American Article.

WASHINGTON, Oct. 6.—The importation of natural gas from Canada into the United States is assuming such proportions on the northern frontier as to call serious attention to the rivalry thus occasioned between Canadian and American companies. The treasury department at first placed a duty of 20 per cent. ad valorem upon it as a mineral product. Subsequently this was reduced to 10 per cent., and the latest ruling on the subject by the treasury department is that the Canadian gas is free as an unenumerated manufactured article.

## Heavy Rains and Floods in Cuba.

HAVANA, Oct. 5.—Rain has been falling heavily for the past two days throughout the island of Cuba, and the rivers have overflowed their banks in the Yacuta Abajo district. Railway communication has been suspended. Finar del Rio and San Cristobal, in the province of Pinar del Rio, are under water, as is also Guara, in the province of Havana.

POOR OLD ORIOLES.  
They Drop Another Ball to the Boys From York.  
THE SCORE STANDING NINE TO SIX

At the Close of a Hard-Fought Contest—Another Riot Prevented by the Prompt Interference of Players and Policemen.

UNION PARK, BALTIMORE, Md., Oct. 5.—The afternoon is bright and warm and a typical one for baseball. The crowd was slow in coming out than yesterday, but it was fully as large. The New York players were warmly applauded when they appeared on the field and planted their white banner. The crowd commenced "guying" Burke when he went to left field for practice. He made matters worse by trying to "get back" at those who were yelling at him until they became so exasperated that a rush was made onto the field. Burke hit the first man who got to him, and he was soon surrounded by an angry mob. The players of both teams and the police hurried to his assistance and a trouble was averted.

Baltimore took the field for practice with the same storm of applause that always greets them. McGraw gave in at the last moment, as he had done the day before, and took his position with the rest of the men. He may have been influenced by the fact that Bonner returned from his home in Pennsylvania in time to don an Oriole uniform, and expressed his willingness to play.

The players and their positions were as follows:  
Baltimore—Kelley, lf; Keeler, rf; Brotherton, lb; McGraw, 3b; Brodie, cf; Reitz, 2b; Jennings, s; Robinson, c; Gleason, p.  
New York—Burke, lf; Tiernan, rf; Davis, 3b; Doyle, lb; Ward, 2b; Van Hatten, cf; Fuller, s; Farrell, c; Meekin, p.

The umpires were again Emslie and Hurst.  
New York was sent first to bat. Burke flew to Keeler on the first ball pitched. Tiernan was out, Reitz to Brotherton. Davis was retired, Brotherton to Gleason, on a pretty play. No runs.

Kelley drew four bad balls. Keeler hit safe to center, Kelly going to second. Brotherton flew out to Burke, advancing the runners a base. McGraw flew to Van Hatten and Kelley was doubled at the plate. No runs.

Second Inning—Doyle struck out, lost his temper and flung his bat toward the stars. Ward out, Gleason to Brotherton, on a marvelous stop. Van Hatten safe to short. Brotherton let Gleason's throw go through his hands and Van Hatten went to third on the error. Burke flew to McGraw. No runs.

Brodie led off for Baltimore and got his base on balls. Reitz beat out an in-field hit. Doyle dropped an easy foul fly from Jennings and the latter sacrificed, advancing both runners a base. Robinson flew to Tiernan, Brodie scoring and Reitz going to third. He scored a moment later on Gleason's three-bagger to the left field crowd. Kelley flew to Van Hatten. Two runs.

Third Inning—Farrell flew to Keeler. Meekin singled to right. Burke flew to Kelley. Tiernan hit safe to Brotherton and Davis sent them both over the plate with a three base hit to center field crowd, scoring himself on Doyle's single to left. Doyle stole second and scored on Ward's single to right. Ward taking second on the throw in. Van Hatten struck out. Four runs.

Keeler led off for Baltimore in their half of the third and was out, Davis to Doyle. Brotherton beat out an in-field hit which Davis juggled. Brotherton had started to steal as McGraw hit to Fuller and all hands were safe. Brodie forced McGraw, Fuller to Ward. Brodie stole second. Reitz drove Brotherton and Brodie home by a single to center. Jennings out on a foul fly to Doyle. Two runs.

Fourth Inning—Fuller was given his base on balls. Farrell flew out to Jennings, and Reitz captured Meekin's fly. Fuller was thrown out at second, Robinson to Reitz.  
In the Baltimore's half Robinson went out, Davis to Doyle. Gleason flew to Tiernan. Kelley went out to Meekin, who made a great one-handed pickup and beat runner to first. No runs.  
Fifth Inning—Burke flew to Kelley. Tiernan singled to left, but Davis forced him, Reitz to Jennings. Doyle singled to right and was caught off first, Keeler to Jennings, to Brotherton. Davis left on third. No runs.  
Keeler started things for Baltimore by singling to left. Brotherton flew to Burke. McGraw forced Keeler, Davis to Ward. Brodie flew to Van Hatten. No runs.  
Sixth Inning—Ward out, Jennings to Brotherton. Van Hatten flew to Brodie and Fuller was out, Jennings to Brotherton. No runs.  
Reitz was up for Baltimore and flew to Van Hatten. Jennings struck out, Robinson flew to Van Hatten. No runs.  
Seventh Inning—Farrell opened the seventh by going out, Jennings to Brotherton. McGraw was safe on Jennings' Marvian stop and had throw. Burke doubled Meekin up, Jennings to Reitz. Brotherton.  
In the Baltimore's half Gleason went out, Ward to Doyle. Kelly sent a three-bagger into the crowd at center. Keeler was safe and Kelly scored on Fuller's fumble of the former's ground hit. Keeler was forced at second by Brotherton, Doyle to Fuller. McGraw went out, Fuller to Doyle. One run.  
Eighth Inning—Tiernan hit safe to center. Davis sacrificed him to second and Doyle sent him to third on his out. Jennings to Brotherton. Ward beat out an in-field hit. Van Hatten

partly stopped, Tiernan scoring. Ward went to second on a wild pitch. Van Hatten made a line hit to Brotherton. One run. Score tied, 5 to 5.  
Brodie went out in Baltimore's half of the eighth on Fuller's great stop and throw to Doyle. Reitz struck out and Jennings was retired. Ward to Doyle. No runs.  
Ninth Inning—Fuller was safe on a lucky bound over Jennings' head. Farrell was safe on Reitz's fumble. Fuller going to second. Meekin struck out. Burke was safe on Jennings' error, filling the bases. Tiernan cleared them with a three-bagger to right and scored on Davis' fly to Keeler. Doyle was out, Brotherton to Gleason. Four runs.  
New York—Runs, 9; 14 hits and 2 errors.  
Baltimore—Robinson walked to first on balls and stole second. Gleason flew out to Van Hatten. Kelley walked to first on balls, Keller out on fly to Fuller. Brotherton gets first on balls, filling the bases. McGraw hit to Davis, but was safe on bad throw. Robinson scored. Brodie out, Meekin to Doyle.  
Baltimore—Runs, 6, hits, 7; errors, 2.  
New York—Runs, 0 0 4 0 0 0 1 4—9  
Baltimore—Runs, 0 2 2 0 0 1 0 1—6  
Batteries—Meekin and Farrell; Gleason and Robinson.  
Umpires—Hurst and Emslie.

DUN'S TRADE REVIEW

Wheat and Cotton Reach the Lowest Prices Ever Known

AND PURCHASES OF OTHER PRODUCTS

Are Restricted as a Natural Consequence

—Railroad and Trust Stocks Lower

With Other Industries Fairly Holding Their Own.

New York, Oct. 6.—R. G. Dun & Co.'s weekly review of trade, issued today, says:

The lowest prices ever known for wheat and cotton necessarily imply somewhat restricted consumption of other products. With the chief money crops of the west and south sinking in value, it is not strange that purchases of manufactured products are smaller than was expected. Wheat has touched the lowest point ever known for options, and cotton the lowest ever known in any form with the present classification, and the accumulation of stocks in both products is discouraging to purchasers for an advance. Producers are compelled to sell at prices below the ordinary cost of raising crops, and in some western states there is also a lamentable failure of the corn crop. Under the circumstances it would be very strange if the demand for manufactured products should be quite as large as in other years.

Wheat suffers most from accumulation of stocks in sight, which are far beyond what is usually expected, for the season and the exports in September were unusually small. For the first week of October Atlantic exports were 1,097,372 bushels against 865,746 last year, and western receipts were only 4,615,000 bushels against 6,130,687 last year, and these figures give some encouragement, but have little influence in view of the unusual visible supply. The price for cash wheat is a small fraction higher for the week. Corn receipts at the west have been only a third as large as they were last year, with exports amounting to nothing, but the price has not further declined after the heavy fall during the previous fortnight.

Pork products are weak in tone, though only lard is quotably lower. Cotton is one-eighth lower, the cash price being the lowest known for forty-five years, and, considering the difference in classification, it is perhaps lower than at any time since 1849, and estimates that the crop is more than 10,000,000 bales are more commonly credited now than estimates of 8,500,000 bales were two months ago. With favorable weather the yield seems likely to be the largest ever known.

The condition of the industries in some respects more satisfactory. Evidently there is a larger demand for iron products than there was a month ago, through the increase in output has been somewhat greater than the increase in the demand, so that prices steadily tend downward. Bessemer pig is selling at \$10.90 at Pittsburgh and bar iron at 65 cents with steel bars at \$1.05, while a contract to suppress the principal western competitor in nail manufacture is expected to hold the price at \$1 for wire and 85 cents for cut nails. The structural market is fairly active at the west, without change at the east, and while the coke output has now become the heaviest ever known, 145,775 tons for the week, the price is declining, and steps are being taken to limit the supply.

The boot and shoe trade continues to deliver more goods than in any previous year, as it did in September, and most of the works still have orders for one or two months ahead, although mainly for low or medium-priced goods. There is a little better demand this week for goods of higher quality, however, and the demand for leather is still reducing the reserve.

The new demand in dry goods is not as large as it has been, and in spring goods the market is called remarkably dull, though there is relatively a good deal doing in current orders for the fall trade. Cotton print cloths are a shade stronger, as the news from Fall River regarding the duration of the strike is less encouraging; but for other goods the market is slow, as might be expected in view of the heavy decline in the raw material. Woolens are less active, and while there are numerous small orders for fall goods, the demand for spring goods is as yet not more than about three-quarters of the ordinary quantity, and mainly limited to the cheaper grades. In these the domestic producers appear to be meeting foreign competition quite satisfactorily, and there are reported some cancellations of foreign orders in favor of the domestic products.

Sales of wool for the week have been 5,920,950 pounds, against 6,273,400 two years ago, and for five weeks ending October 2 sales were 24,270,300 pounds, against 17,138,175 last year, and 37,352,900 in 1892.

The volume of domestic trade indicated by the exchanges at the principal clearing houses is 11.8 per cent. larger than a year ago, but in comparison with 1892 shows a decrease of 32.8 per cent. Railroad earnings thus far reported for the month of September are 6.7 per cent. less than in 1892, the loss being rather greater in the latter than in the earlier weeks of the month. The stock market continues to reflect belief in reduced earnings of railroads, stocks having declined 28 cents per share, while the trust stocks have declined 43 cents per share.

In the money market more commercial paper is coming into sight, though on the whole the market is by no means encouraging, and good single-name paper has been placed at 3 per cent., the lowest on record.

The revenue of the treasury for the first month under the new law is about \$9,000,000 less than for the same month last year, and there is a feeling that

for some months to come, with scarcely any imports of sugar or receipts from the whisky tax the effects of the new law will not be fairly shown.

Commercial failures in the third quarter of 1894 have involved liabilities of \$29,361,193, exclusive of banking institutions and railroads, against \$83,469,821 reported a year ago for the same quarter, and for nine months of 1894 the liabilities have been \$131,094,503, against \$351,334,365 last year. The manufacturing liabilities were \$19,231,892, against \$23,605,864 reported a year ago, and in trading \$14,131,330 for the quarter, against \$56,514,176 a year ago.

For the month of September the liabilities have been smaller than in other months this year, only \$6,897,124 of which \$2,904,873 were of manufacturing and \$3,992,251 of trading concerns.

The failures during the past week have been 219 in the United States against 320 last year, and 39 in Canada against 45 last year.

THE WOOL SCHEDULE.

Vexed Questions Religated to the Arbitration of the Courts.

WASHINGTON, Oct. 6.—The vexed questions arising in the wool schedule of the new tariff bill will be finally settled in the courts. This decision was reached by Secretary Carlisle yesterday as the most satisfactory method of disposing of the matter. Until January 1 next, therefore, the position taken by the board of general appraisers at New York that the McKinley bill rates of duty obtained on wool, and that hair of animals is wool, will be followed by the treasury department in assessing duty on this schedule. Importers can file their protests and protect themselves, awaiting the decision of the courts. If adverse to the government, the difference between the higher and lower rates of duty will of course be refunded.

Charged with Running a Lottery Scheme.

CHICAGO, Oct. 6.—President John L. Beveridge, ex-governor of Illinois; Vice-President F. D. Arnold and Secretary-Treasurer S. M. Biddison, of the State Mutual Life Insurance Co., were taken before United States Commissioner Hoyne yesterday, charged with violating the postal laws by running a lottery scheme, and were released on bail. Charges were preferred by Post Office Inspector Mercer, of Iowa. The methods of the company were similar to those of the late Guarantee Investment Co.

President Ives and the Northern Pacific Receivers.

NEW YORK, Oct. 6.—It is reported that an agreement has been reached between the Northern Pacific receivers and President Ives, whereby the latter will have more voice in the management of the affairs of the company. In consequence of this agreement, it is stated, President Ives will form a syndicate for the purpose of purchasing the \$3,000,000 receivers' certificates to run three years when authorized by the court.

Anti-Tammany Nominees.

NEW YORK, Oct. 6.—The conference of the committee of seventy and various other anti-Tammany organizations yesterday decided upon the nomination of Col. William L. Strong, a republican, for mayor. The rest of the ticket is as follows: Recorder, John W. Coff; president of the board of aldermen, John Jerolome; sheriff, Otto Kampner; judge of the superior court, Henry R. Beckman; coroners, Dr. William O'Meara and Dr. E. W. Hoebner.

The New Goodrich Government Sustained.

ST. JOHN'S, N. F., Oct. 6.—The new Goodrich government in Newfoundland, which obtained office through the unseating of the whole Whiteway party for bribery and corruption, is being sustained by the constituencies. The elections in the districts of Bona Vista and Fogo have resulted in the return of government members. The government has now won four seats, being victorious in every district contested.

Japan to be Cheated of the Fruits of Victory.

LONDON, Oct. 6.—The Morning Post insists that it is impossible to allow Japan to dictate terms to China without consulting the European powers. The Post discusses America's interests in the question, and concludes that these are purely commercial, while Europe's are also political. For the sake of the world's peace, it says, Russia, Germany, France and Great Britain must intervene.

Intend to Blockade the Treaty Ports.

LONDON, Oct. 5.—The Shanghai correspondent of the Central News says a report is in circulation there that the Japanese intend a blockade of the treaty ports of Chee Foo and Tien-Tsin. Chinese merchants at Shanghai are cancelling their freight contracts. The missionary at Liao-Yang has fled to Newchwang. The country is in a very unsettled state and the soldiers are much feared.

A Villain, Thwarted, Takes His Own Life.

AKRON, O., Oct. 6.—Henry D. Tolley, a prominent young man of this city, yesterday enticed Miss Gertrude Lewis, to whom he had been engaged, to his house and attempted to assault her. Passers-by were attracted by the young lady's screams and she escaped to a neighbor's house. Tolley, a few minutes afterwards, committed suicide by shooting himself in the breast.

The Krag-Jorgensen Rifle.

CHICAGO, Oct. 6.—A test of the Krag-Jorgensen rifle recently adopted by the United States army, was made yesterday at Fort Sheridan. It was handled by men who never used it before, but compared favorably with the Springfield, with but a third of the recoil of the Springfield weapon.

Wholesale Poisoning.

SANTA ROSA, Cal., Oct. 6.—Mrs. Maj. Clark, of San Francisco, and Mrs. Goertsch, of Timber Cove, were poisoned yesterday by eating mushrooms. Both are dead. Charles Fides and his entire family were also poisoned and are in a critical condition.

### THEIR NEW SYSTEM.

So many thousands are already acquainted with this new mode of treatment that  
it is only necessary to say by this method an equilibrium of the vital powers is at  
once established and an equalization of the circulation maintained. Thus nature  
is enabled to throw off the effete matter. Medicine will act like a charm, and  
health at once ensue, if the case be a curable one.

Their experience in the Great Medical Schools and Hospitals of Europe and this  
country, together with their extensive special practice, enables them to treat the  
diseases they make their specialty understandingly and with phenomenal success.  
They do not claim to cure everything, like some physicians. Bear this in mind.  
Call and see for yourself. They do not practice deception. They use nothing but the

The Greatest of All Gifts—The Power of Diagnosing Diseases.

They know they are the greatest diagnosticians in the world. They have a na-  
tional reputation for diagnosing the most complicated diseases.

By their keen perception and intuition they are enabled to fathom the most com-  
plicated diseases and reveal to the sick the true fountain and cause of their suf-  
fering, where other physicians have failed and were groping in darkness.

By their correct understanding of each and every case, they are enabled to cure  
hundreds of diseases given up by the general practitioner.

CATARRH.—This disease, which is generally considered incurable by the gen-  
eral practitioner and receives only temporary benefit from his remedies, is speedily  
and permanently cured by their famous Germicidal treatment. They rarely find a  
case they cannot cure.

Over 10,000 Cured of Nervous, Chronic, Throat and Catarrhal Diseases in  
Ten Years.—They treat Eye, Ear, Nose, Throat troubles, Ringing in Ears, Cat-  
arrhal deafness, Stomach, Liver, Kidney, Bladder and Female diseases, Eruptions,  
Skin troubles, Epilepsy, Seminal Weakness, Night Losses, Nervous Exhaustion,  
General and Local Debility, etc. They restore Impaired Vital Energy, Invigorate  
the Debilitated Constitution, Stimulate the Organic Action, Promote the Circu-  
lation and Renew that Vital Energy, the loss of which is the symptom of decay.

What is it? and How Do They Do It? are Questions Asked by Hundreds of  
People.—They can refer you to hundreds of persons whom they have treated and  
cured. If you have been humbugged or badly treated, do not wait for a more  
convenient season, but come at once and put their wonderful powers to the test.

### CORPSES STILL DRIFTING ASHORE.

Awful Experience of the Crew of the  
British Bark Brandon—The Full  
Loss of Life Will Never  
be Known.

KEY WEST, Fla., Oct. 6.—Nearly  
every day fresh information reaches  
here from the keys surrounding this  
place relative to the loss of life in the  
recent hurricane. Mr. Pinder, whose  
residence on East Matacumbe key, was  
here yesterday. He says that on the  
afternoon of September 29, two sailors  
had drifted ashore with life preservers  
from the British bark Brandon, which  
ran ashore on the night of September  
29. Another of the crew came ashore  
the same night. There were seven-  
teen in all on board, and these are the  
only three that have been heard from  
along the shore.

Capt. William Redford had one leg  
broken by a sea as soon as the ship  
had struck the reef, and a Norwegian  
sailor had both legs crushed, a sea  
knocking him down and throwing a  
piece of timber across both of his legs,  
and while two of his shipmates were  
trying to relieve him, another sea  
lifted the timber so as they could draw  
him out; they then fastened a life-  
preserver on him. These surviving  
ones think that the captain, mate,  
steward and another of the crew were  
drowned, as they were all in the cabin  
when the ship turned bottom up.

The shore is full of pieces of her  
cabin, forecabin and houses and three  
of her boats, all smashed to pieces.  
Some few pieces of heavy timber from  
her deck are also on shore.

The Norwegian ship Theora was lost  
off Turtle harbor, but fortunately all  
hands were saved.

On September 26 the body of a  
drowned man was found on the outside  
of a Yavapai bay.

It is likely that the number of lives  
lost will never be known, as commu-  
nication with the keys is difficult.

### SHOT FROM WITHOUT.

A Negro Haverker Killed While Being  
Carefully Guarded.

FAIRFIELD, Tex., Oct. 6.—Henry Gib-  
son, colored, attempted to outrage Miss  
Mitchell, near Mills, Thursday evening,  
but was prevented from accomplishing  
the terrible act by the screams of  
his victim, which attracted help from  
nearby. In the scuffle with Miss  
Mitchell he cut her several times, but  
not seriously.

The fiend was arrested and taken to  
Mills, where he was identified. He  
was being guarded at a store, but  
Thursday night about 9 o'clock a shot  
was fired by some unknown party from  
the outside which killed Gibson.

Three Members of the Bellboys' Gang of  
Hotel Robbers Arrested.

CHICAGO, Oct. 6.—William Owens,  
aged 31, Lewis Von Reukle and Claire  
Potter, said to be members of an or-  
ganized gang of bellboys, who have  
been robbing hotels from California to  
Cincinnati, sending the goods to New  
York to be sold, were arrested at the  
Hotel Windermere yesterday. Property  
valued at \$800 was recovered.

Chinese Retreating from Moukden.

LONDON, Oct. 6.—The Central News  
correspondent in Shanghai telegraphs.  
Seventy Japanese transports passed  
the northeast promontory near Choo  
Foo on the morning of October 2.

New Chang Wang reports are to the  
effect that the Chinese are in full re-  
treat from Moukden. Ten thousand  
armed Koreans are receiving Japanese  
pay.

Chinese Hemmed in at Port Arthur.

LONDON, Oct. 6.—A dispatch to the  
Morning Post from Shanghai says  
that several Japanese war ships are  
patrolling the sea near Wei-Hai-Wei  
with the object of preventing the Chi-  
nese from leaving Wei-Hai-Wei or  
Port Arthur. The war ships ap-  
proach the coast at nightfall and  
steam away again at dawn.

Mrs. Hubbard Wants a Divorce.

CHICAGO, Oct. 5.—David B. Hubbard,  
the middle-aged merchant from Graft-  
on, Mass., who created a sensation on  
the night of September 27 by shooting  
his young wife and Frank Gorsiel, who  
were out walking on Evanston avenue,  
is defended in a divorce suit brought  
in the circuit court by Louise Hubbard.  
She makes the shooting the basis of  
her petition.

Ex-Gov. Curtin's Condition.

DELEPONT, Pa., Oct. 5.—Ex-Gov.  
Andrew G. Curtin is somewhat im-  
proved. His physician states that al-  
though he is stronger than he was  
Thursday, there can be no predictions  
made on his life or death. The nature  
of Gov. Curtin's illness is due to a violent  
fall received last winter from the  
effects of which he has never fully re-  
covered.

NANCY HANES' record, 2.04. Who can  
beat it? The question is often asked  
about Dr. Price's Baking Powder.

An Extensive Washout.

EL PASO, Tex., Oct. 6.—A third of the  
Texas & Pacific track for a distance of  
thirty miles was washed out by the re-  
cent floods. A long freight train was  
turned over at Monahan station, the  
road had given way.

Investigating a Post Office Robbery.

ST. JOSEPH, Mo., Oct. 6.—Post office  
inspectors are investigating the rob-  
bery of the Burlington through regis-  
ter mail pouches, from which nine-  
teen letters were extracted.

F. MYERS, of Mt. Pleasant, has shipped  
a car of horses to New Orleans.

JACK SHEPARD won second money at the Bloomingdale races Friday in the free for all trot. He took the second heat in 2:19.

The Rev. R. G. Hobbs will occupy the pulpit at Grace M. E. church Sunday morning and evening.

On and after Sunday, October 7th, the St. Nicholas will resume serving lunch at 1 p. m. and 6 o'clock dinners on Sundays during the winter season.

WHAT MR. BUCKINGHAM'S logic means is that any workman can get work if he will work cheap enough. He wants to see Democratic ways and thinks the wage earner who will not bring it about is dishonest.

JUNING from her latest photographs Mrs. Grover Cleveland's more attractive than ever. Like other good housekeepers Mrs. Cleveland rejoices in the results achieved by Dr. Price's Cream Baking Powder.

THE musical queen, Madame Lizzie Pugh Drogan, of Indianapolis, will appear at the Antioch Baptist church, Thursday evening, October 11. She is noted the world over as the peerless soprano. Tickets are now selling for the entertainment.

THE Phoebe Weygant residence property in the 900 block on West Macon St. was sold to-day to T. M. Ayers of Argentina for \$8000 cash. It is a dwelling of eight rooms and was built two years ago. Mr. A. will take possession next week.

GIVE us some of that St. Louis A. B. C. Bohemian Bottled Beer it is the best I ever tasted. That what every one says that has drank the beer made by the American Brewing Co. The reason is that they only use the best hops and barley in making it. George Kraft, wholesale dealer.

ATTORNEY BUCKINGHAM, in his speech at the tabernacle last night said that times were all right and that any man who was idle was dishonest and did not want to work. This, to say the least, is the boldest effort ever attempted by any Democrat to shift the responsibility for idleness on somebody else. It will not cause the laboring men to rush over each other to the polls to vote the Democratic ticket.

### OBSERVATIONS.

HERE is something new, a sign in a wine store window which reads: "Cold claret punch, 20 cents a quart."

A NEW ENGLAND dictionary offers the following definitions: "Bicycle: Pleasure's treadmill. Ink: A black fluid often used to make black seem white."

CAPT. MOORE, of the Mary Gibbs, is home from a voyage to Africa with a cargo of rum and missionaries from Boston. He called at thirteen ports to unload rum, which was received with wild enthusiasm. At the thirteenth port the missionaries went ashore uninvited.

"The laziest cigarette smoker I have seen lately," said a citizen, "was a young man who crossed Broadway the other day with a cigarette in one hand and an unlighted match in the other; he held the sulphur end of the match against the rim of the wheel of a wagon that was passing and let the wheel light it as it revolved."

## THE BICYCLISTS.

The Cleveland "B" Team, Cabanne Johnson and Brown to be Here.

Decatur People will Have an Opportunity to See One of the Finest Bicycle Race Programs Ever Run in Illinois—The Entries to Date.

The announcement that Johnson, Cabanne and Brown, of the Cleveland racing team, Coulter, of the Yost team, with strong probabilities that the Columbus, Stearns and Ramblers will be represented by fast men, will be received with much pleasure by the local enthusiasts.

The Cleveland team will be in charge of Manager Hoyt, who was here several years ago, and with Trainers Culver and App, will conclude the party. As a team they are in the front line and Decatur will see some racing given by these riders such as they have never seen. Sid Black, the well-known track rider, will accompany the party. An effort is being made by the Rambler agent to get J. P. Bliss here, and they may succeed.

## BAD BREAK BY A CAR.

It Leaves the Rails on Water Street and Plays Smash.

A Thick Telephone Pole Broken at the Base and Wires Tangled—Harvey McClure Got a Bump.

This forenoon Condit Car No. 1, on the City Electric Railway line, got into a bad tantrum on North Water street near Central Park. Motorman Shuck was in charge and Harvey McClure, the comedian, was the only passenger. The car was going at a rapid rate of speed, with three points on. Nearly all the cars when traveling light on going up that stretch of track from South Park street bound considerably and No. 1 was making something of a racket in doing the jumping act. Suddenly the car with the power just turned off turned sharply at an angle eastward and ran with great force against the stone curb and a big telephone pole on the corner. The shock was so great that the pole, nearly 24 inches in diameter, was broken in two 20 inches above the ground, the upper part being left dangling in the air, held by the mass of wires above. Shuck jumped for his life, not having time to apply the brake, and he escaped unhurt. McClure was jammed up against the wooden protection for the stove, but was not injured. He received a bruise on his left shoulder. The breakage of the pole played havoc with the Citizens' Mutual telephone wires, tearing all but live out of place on the west side of the street. A wire falling on the railway conducting wire fired the awning in front of Anderson's store. Water saved the awning and the live wire was cut. All of the guy wires along the street got a jerk. The one attached to the top of the store occupied by Walter Hutchins got such a jerk that a lot of bricks fell to the pavement. Two men in front of the store narrowly escaped injury. One jumped into the street.

All of the cars stopped running for nearly an hour. The car was off the rails for several lengths before it shot off to the curb. Shuck states that he did not know that the car was off the rails until a moment before it made the quick turn, and then it was too late to avert the damage. He claims that the car was not going more rapidly than usual, and it appears that a stone close to one of the rails caused the wheels to leave the track. Hereafter the motorman will travel more slowly along Water street.

World's Fair first. California Midwinter Fair next. With the highest honors at both Dr. Price's Cream Baking Powder marches triumphant from the Great Lakes to the Pacific.
